WORK EXPERIENCE

Artificial Intelligence (AI) • Internship Feb 2025 - May 2025
Jr Company, Virtual
work on nlp ,machine Learning,neural network

EDUCATION

B.Tech, computer science May 2022 - May 2026
Marwadi University(Rajkot)
CGPA-7.5

PROJECTS

Movie Recommendation:

Sep 2024
<https://movierecomandationml-ml.streamlit.app/>

Using machine learning algorithms and data-driven techniques, I developed a movie recommendation system that suggests films based on user preferences. This project involves:
Technologies used: Python, Streamlit,
RapidAPI
Features:
Fetch movie posters via API
Recommend movies based on genres and user ratings
Real-time suggestions with a user-friendly interface

Hotel Management-System:

Feb 2025 -
<https://hotelmanagement-7-6ndr.onrender.com/>
Hotel Management System
Designed a hotel management system with SQLite database.
Created a responsive UI using Bootstrap.
Features room booking, customer management, and admin dashboard.

Tech:HTML, CSS, JS, Bootstrap, SQLite

Email-spam-classifier:

june 2025 -
<https://email-spam-classification-2-gs4w.onrender.com/>

This simple email Spam Classifier analyze the subject and body to detect potential spam.it provides instant ,iterative result without page reload and maintains a clean classification history
Tech:Python ,ML,Html,CSS,JS

Indian-Clock:

Feb 2024 -
<https://e-commerce-website-fronted-2l2n.vercel.app/>
Simple Indian Clock show Date and time in a form of Digital Watch
Tech-React

SKILLS

- JavaScript
 - MongoDB
 - Natural Language Processing (NLP)
 - HTML
 - Git & Github
- React
 - MS-Office
 - Data Analytics
 - Django
 - Python
- MySQL
 - Machine Learning
 - CSS3
 - Power BI
 - OPPS
